

Recharge yourself

To whom it may concern

Date: October 7th 2022

We hereby declare that the maximum permissible roof load for the MG4, including the crossbars, may never exceed **60 kg**. Do only use suitable, and MG approved crossbars.

The declaration is applicable to MG4 vehicles build under the EU Whole Vehicle Type Approval number: e4*2018/858*00093*01 and further issued extensions.

The vehicle driver is responsible for not exceeding the Gross Vehicle Weight or maximum permissible axle loads. See for reference the Owner Manuel or statutory label glued at the vehicle's B-pillar.

Yours faithfully,

Arjan van Doorn

Homologation & Legal compliance officer
